Help your child succeed in school:
Build the habit of good attendance

GOAL:  Every student will attend school at least 90% of the time.

A missed school day is a lost opportunity for students to learn. There is a direct correlation between students who attend school regularly and higher academic achievement levels.

Even as children grow older and more independent, families play a key role in making sure students get to school safely every day and understand why attendance is so important for success in school and on the job.

Attending school regularly helps children feel better about school—and themselves. Start building this habit in preschool so they learn right away that going to school on time, every day is important. Good attendance will help children do well in high school, college and at work.

ART NEWS --- from Miss Rene', Art Instructor

Taking donations in the art room for recycling your junk into really fantastic art!

Sculpture students are beginning the Musical Mechanical Steam Punk Sculpture. They are in desperate creative need of broken small appliances (kitchen, fans, hair dryers ...) stuff they can take apart and used miscellaneous can of bolts plus, broken cheap jewelry, old bike parts etc, and any items from your junk drawer.

Ashlynn Branning took a 3rd in printmaking at the KPBSD art show and Bechler Metcalf took 3rd place with his print in the SoHi talent show!

ROBOTICS AT SOPREP AND SOHI

The Soldotna High Robotics club had a successful season this year. The teams consisted of 10 students from SMS, SPS, Connections, & SHS. Our two teams participated in three competitions. The Frost Bots team once again qualified for the state tournament. The team members spent three months creating, programming, and troubleshooting their student designed and built 18" x 18" metal robots for the FTC Cascade Effects game. The teams were to collect whiffle balls and distribute them to tubes of different heights. Then they were to place the rolling tube goals in parking zones for additional points. There are both autonomous and driver control periods during the 2:30 minute game period. Our graduating seniors, Brennan Mitzel (2nd year veteran), Brenner Musgrave, and Austin Laber (1st year rookie), will be missed as they move onto another stage of their education. We wish them the best and hope that their time with us will help them succeed in their future endeavors.

Soldotna High Robotics Club interest meeting for the 2015 competition season. Team open to high school students grades 9-12. When: 4/16 (5-7pm) Where: Soldotna Prep Room 4

Robotics Kids Camp open for students ages 6-9 & 10-14. When: 4/18 (1-4pm) Where: Soldotna Prep Rooms 4 & 5, Registration: \$35 Contact: Mrs. McGlothen (kmcglothen@kpbsd.k12.ak.us) for more information.

Nick Edwards completed at the Alaska State Junior Olympics Trap and Skeet competition recently. He qualified for the overall finals in all 3 events: Wobble Trap, Doubles Trap, and Skeet. Nick won the gold medal in skeet, silver medal in doubles trap, and missed the medal rounds in wobble trap after a sudden death shoot off with two other shooters.

The Student Council of the Soldotna Prep School is sponsoring a money war to raise relief funds * * * * *

On March 13, a devastating cyclone hit the nation of Vanuatu, a group of islands off the southern coast of Australia. The student council of the Soldotna Prep School is sponsoring a money war to raise relief funds for the people of Vanuatu. There are jars in the office labeled with your each homeroom teacher on each one. The teacher with the most money in the jar by the end of two weeks will receive a pie in their face at our upcoming assembly. Additionally, we are reaching out into the community, to ask for donations. The money will be donated to UNICEF, and will benefit the children affected by this disaster.

This is a picture showing what the cyclone has done to the island.

This links to an interactive webpage that also demonstrates the cyclone's effects.
